Studies in Educational Evaluation

www.elsevier.nl/stueduc

CONTENTS

Number 1

Christina A. Christie and Marvin Alkin	1	Further Reflections on Evaluation Misutilization
Adrie J. Visscher, Alex C.W. Fung and Phil Wild	11	The Evaluation of the Large Scale Implementation of a Computer Assisted Management Information System in Hong Kong Schools
Moshe Zeidner and Esther Jane Schleyer	33	Educational Setting and the Psychological Adjustment of Gifted Students
Douwe Beijaard, Jan Van Driel and Nico Verloop	47	Evaluation of Story Line Methodology in Research on Teachers' Practical Knowledge
Ard W. Lazonder and Frank P.C.M. de Jong	63	Evaluation of Transition in Dutch Senior Secondary Vocational Education

Number 2

Jaap Scheerens, H. W. C. Gonnie van Amelsvoort and Carol Donoughue	79	Aspects of the organizational and political context of school evaluation in four European countries
L. Kyriakides and R. J. Campbell	109	Primary teachers' perceptions of baseline assessment in mathematics
Candace W. Burns	131	Teaching portfolios and the evaluation of teaching in higher eduction: confident claims, questionable research support
Ingmar Hosenfeld, Olaf Köller and Jürgen Baumert	143	Why sex differences in mathematics achievement disappear in German secondary schools: a reanalysis of the German TIMSS-data
S. Yemisi Erinosho	163	Gender differences in interests and performance of high school science students: a Nigerian example

Number 3

TIMSS PERFORMANCE ASSESSMENT

GUEST EDITORS: Ruth Zuzovsky and Maryellen Harmon

Maryellen Harmon and Ruth Zuzovsky	173	Introduction
Per Morten Kind	179	Performance assessment in science—what are we measuring?
Ruth Zuzovsky	195	Performance assessment in science: lessons from the practical assessment of 4th grade students in Israel
Robert Garden	217	Development of TIMSS performance assessment tasks
Maryellen Harmon	243	Performance assessment in the Third International Mathematics and Science Study: an international perspective

NATIONAL PROFILES

Maryellen Harmon	263	Introduction
Jana Paleckova	265	Performance assessment in the Czech republic
Klaas TJ. Bos, Wilmad Kuiper and Tjeerd Plomp	269	Student performance and curricular appropriateness in the Netherlands
Pamela Jakwerth	277	TIMSS performance assessment results—United States
Pinchas Tamir and Ruth Zuzovsky	283	Performance of Israeli 4th and 8th grade students on science and combined science and math performance assessment tasks
Susan Harris	287	TIMSS performance assessment: the strengths and weaknesses of students in England
Jan Lokan	297	Equity issues in testing: the case of TIMSS performance assessment
Ruth Zuzovsky	315	Problematic aspects of the scoring system of the TIMSS practical performance assessment: some examples

Number 4

Daniel Stufflebeam	325	Using professional standards to legally and ethically release evaluation findings
Simon Wolming	335	Validity issues in higher education selection: a Swedish example
Kaye Pepper and Dwight Hare	353	Development of an evaluation model to establish research-based knowledge about teacher education
George Philippou and Constantinos Christou	379	Teachers' conceptions of mathematics and students' achievement: a cross-cultural study based on results from TIMSS
Klaus-Henning Hansen	399	A qualitative assessment of student interest in science education
